

Heart Of It All

Alvymarie Rodriguez, Crystal Hill, Sean Hill

Verse 1

We are done with just pretending
That religion is still working
We don't want it if it's missing
Jesus at the heart
We are desperate for revival
Rid this temple of our idols
Crush tradition if it rivals
Jesus at the heart

Chorus (2x)

It's You that we're after You that we want
Nothing else matters
When You're at the heart of it all
You're at the heart of it all

Verse 2

We abandon our agenda
Make an altar of surrender
Take our worship let it honor
Jesus at the heart
We pursue You with a passion
That's consumed by one obsession
That our worship is no less than
Jesus at the heart

Chorus (2x)

It's You that we're after You that we want
Nothing else matters
When You're at the heart of it all
You're at the heart of it all

Bridge (4x)

Only Jesus, only Your presence
Only Jesus, there's nothing better
Only Jesus now and forever
All we want is You

Chorus (2x)

It's You that we're after You that we want
Nothing else matters
When You're at the heart of it all
You're at the heart of it all

Bridge (2x)

Only Jesus, only Your presence
Only Jesus, there's nothing better
Only Jesus now and forever
All we want is You
